BHE GT&S Memberships and Awards

- **Interstate Natural Gas Association of America (INGAA)'s Pipeline Commitments** We are a member of the Interstate Natural Gas Association of America (INGAA), whose members have committed to remain responsible, safe and productive members of the communities in which they work. Visit the INGAA website to learn about commitments to landowners, pipeline security, responsible pipeline construction, pipeline safety and methane emissions.

- **American Gas Association (AGA)** The AGA represents companies delivering natural gas safely, reliably, and in an environmentally responsible way to help improve the quality of life for their customers every day. AGA's mission is to provide clear value to its membership and serve as the indispensable, leading voice and facilitator on its behalf in promoting the safe, reliable, and efficient delivery of natural gas to homes and businesses across the nation.

- **Southern Gas Association (SGA)** We are member of this US natural gas trade association that supports all sectors of the industry. It has 200+ member organizations and 300+ industry partners in North America. This organization provides learning opportunities and an avenue to exchange ideas and share solutions.

- **Association of Materials Protection and Performance (AMPP)** AMPP (previously NACE) represents the largest global community of corrosion and protective coatings professionals. Our members are dedicated to advancing technical and practical expertise in corrosion prevention and control. AMPP provides members with the knowledge and resources to ensure high performance materials are used to build and maintain sustainable infrastructure.

- **Pipeline Research Council International (PRCI)** PRCI is a community of the world's leading pipeline companies, and the vendors, service providers, equipment manufacturers, and other organizations supporting the industry. Since 1952, PRCI has been recognized around the world as a unique forum within the energy pipeline industry delivering great value to its members and the industry — both quantitative and qualitative — through the development and deployment of research solutions to improve pipeline safety and performance. PRCI's mission is to collaboratively deliver relevant and innovative applied research to continually improve the global energy pipeline systems.

- **Independent Power Producers of New York (IPPNY)**

- **Marcellus Shale Coalition (Pennsylvania)**

- **Energy, Equipment Infrastructure Alliance (EEIA)** EEIA is the association for suppliers of construction, equipment, materials and services for energy production and infrastructure. They are the only organization representing the full spectrum of the supply chain - tens of thousands of companies and millions of workers in all 50 states - supporting production facilities, midstream infrastructure including transmission pipelines, and downstream infrastructure for power generation, storage, processing and export.

- **Maryland State Chamber of Commerce** The Chamber represents a coalition of more than 6,800 businesses, advocating for pro-business policies that drive economic growth and benefit people, businesses and communities. Their team partners with policymakers to make Maryland more competitive and better for business, championing priorities on regulations, healthcare, taxes, data privacy, transportation and more.
